### DANSKE STATS BANER-DSB S-tog Copenhagen, Denmark

135 S-trains

143 GPSgo2

Project Highlights

- Intermodal Transport Control System – ITCS (former CAD/AVL) for automated vehicle location
- COPILOTpc on-board computer based on x86 processor technology
- Intelligent Messaging System for optimised data exchange between vehicles and central systems
- GPRS used for real-time data communication
- Wireless LAN
- Planning software
- Statistic software for analysis and reporting

Future Extension:

- TETRA digital radio and UMTS as alternate communication channels

Copenhagen is the capital of Denmark, and the name of the municipality (Danish, kommune) in which it resides. With its population of 1,116,979 inhabitants it is the largest city in Denmark. The town's landmark is the statue of The Little Mermaid, a monument to Hans Christian Andersen, in the Copenhagen harbour.

DSB S-tog is part of the DSB Group (Danish national railway), the biggest transportation company in Denmark, and operates the S-train network which forms the core of the public transport system in the Greater Copenhagen.
