Rotterdam is a young and dynamic city with a world-class port and a strong emphasis on the knowledge-intensive sectors of the economy. It's a city of modern architecture, innovation, creativity, events, leisure and recreation. More than one million people from over 160 countries live in the Rotterdam region. The port of Rotterdam is the largest in Europe.

RET (Rotterdamse Elektrische Tram) is the main public transport operator in Rotterdam, the Netherlands. It currently operates 28 bus lines, 9 tram lines and two metro/light rail lines in Rotterdam and the surrounding municipalities
